Underground at Verney, Herston.

Re-opened by Harold Bonfield in 1982 the quarr was worked it or a short period.

At the foot of the vertical shaft the crane hook is about to be attached to the slings which are attached at the corners of the flatbed cart. 1982.

A diesel-powered crane was used to hoist the cart up the vertical shaft.

Fred Wellman, Highlands, Acton 1986
